A0009703802

## FILTER CATEGORIES FOR SUNGLASSES

Four filter categories are used for sunglasses, based on the degree of tint. Please use the table below to decide which category best suits your needs.

Category	Tint	Anti-glare protection for lighting conditions
1	20-57%	Light protection for overcast days
2	57-80%	Normal protection for summer days in Central Europe
3	80-92%	High dazzle protection for expanses of water, beaches and mountains, plus Southern European countries; from 90% tint not suitable for driving!
4	92-97%	Maximum protection for high mountains and glaciers; not suitable for driving!

## CLOTHING SIZES

The tables below are designed to help you find your perfect size. It is important to take your measurements correctly. For best results, you should be relaxed and wearing only your underwear. Ideally you should use a tape measure which you should keep close to the body. If you have someone to help you, it will be easier and more precise.

- 1. Chest:** keeping the tape measure horizontal, measure around the fullest part of the chest
- 2. Waist:** measure around the waist without drawing the tape measure too tight
- 3. Hips:** keeping the tape measure horizontal, measure around the fullest part of the hips
- 4. Height (for children's clothing):** measure from the top of the head to the sole of the feet without shoes

**Please note:** Separate tables are provided for the PUMA brand and the official MERCEDES AMG PETRONAS motorsports clothing.

As at: January 2021. Please note: Changes may have been made to the products since this publication went to press (01/2021). The manufacturer reserves the right to make changes to the design, form, colour and specification during the delivery period, provided these changes while taking into account the interests of the vendor can be deemed reasonable with respect to the purchaser. Where the vendor or the manufacturer uses symbols or numbers to describe an order or the subject of an order, no rights may be derived solely from these. The illustrations may include accessories and items of optional equipment which are not part of the standard specification. Colours may differ slightly from those shown, owing to the limitations of the printing process. This publication may include products and services which are not available in certain countries. Information given regarding statutory regulations, legal requirements and taxation and the consequences thereof applies to the Federal Republic of Germany only and is correct at the time of going to print. Please consult your Mercedes-Benz Retailer for final details.
